

HAVE LOVE

- v 1: Lord – before, there was peace – or war,
You made the planets spin – You let life begin.
Now that all may have enough – we lift our hearts above,
and pray God – let the world have love.
Oh God – let the world have love.
- v 2: Still – until – you reveal to us Your will.
And gathered at Your throne, Our eternal home.
Now that all may see your face - every tribe and every race.
God, may the world have grace.
Oh God, may the world have grace.
- v 3: So - we know - and our unity may grow.
Stay the fist-clenched hand. Help us understand.
Now may wars and fighting cease, and harmony increase.
God - may the world have peace.
Oh God - may the world have peace.

Repeat v 1:

Oh God – let the world have love. (*2 times, legato last time*)
